**Subject:** Re: Fw: Revised Draft Talking Points for 9/23 Meeting Between Administrator and GE

I emailed Bob Sussman, Mathy and Cynthia Giles again this morning asking specifically (on behalf of Judith) if they had any comments. No reply. Meanwhile, however, Jim Woolford of OSWER did give us some very general comments. We had a 45 minute conference call that wasn't terribly productive, but in the end he said he would take a crack at "re-formatting" the talking points. I am concerned about this, but he said he will share his work product with us by this afternoon. (OECA, on the other hand, was OK with the Talking Points in current form.) I stressed to Jim Woolford that we were expected to have these to LPJ's office by this morning at latest. He acknowledged that, but .....

Do you want to send down the current version but indicate there might still be changes? I'm not sure what else to do other than wait a few more hours.

Lisa,

It is past 6 PM and I have received no comments from anybody in HQ. If we have not received anything by tomorrow morning, I will send you a version with the word "Draft" removed from the heading, which can be sent to HQ.

- Walter

---

Attached is a slightly revised draft of the Talking Points for the referenced meeting. This version, denominated #7, includes a final bullet point that provides greater detail about one of the forms of transparent process in which we are prepared to engage if GE opts in.

Please let me know if you have any further comments or questions. Should you make further changes to the draft Talking Points, we would appreciate receiving back from you the final version.

Thanks,

- Walter
